

# Dainite

## Standing the test of time...

**In a world of ever increasing change, this timeless styling is a superbly practical and functional today as it was a hundred years ago. Dainite is a brand of rubber footwear soles, manufactured by the English company, Harboro Rubber. Their studded rubber sole is often utilized in footwear brands such as Viberg, Truman Boot Company, Tricker's, Crockett & Jones, and Loake. Dainite soles are a great option for someone looking for a long-lasting rubber sole with an added measure of durability. As well as clean, slick and applicable to anything from an understated derby to a rugged service boot.**

*Dainite studded soles and heels are manufactured in high quality, non-marking materials.*

*Dainite studded sole is one of the most elegant alternatives to a leather sole. Just like a leather sole, it can be stitched onto a shoe.*
